

MEGA MOLD
INTERNATIONAL INC.

MISSION STATEMENT

To be a respected and dependable source for plastic injection molding tools, employer and corporate citizen to our customers, employees and the community in which we live.

VISION STATEMENT

At Mega Mold International, we have a common goal to be the source for plastic injection molding tools, to completely satisfy our customer's needs and to lead our industry in customer service. We will carry out this vision with fiscal responsibility in an environment of integrity, mutual respect, compassion and fun.

CORE VALUES

Principles

We will run our company with the highest integrity. We will treat our customers, coworkers, suppliers and community how we would like to be treated.

Fiscally Responsible

We will operate in a fiscally responsible manner enabling the company to be as profitable as possible while treating our employees and customers fairly.

Customer Service

We treat customer service with the utmost priority in our daily operations. Differentiating ourselves through great customer service in one of our key driving forces.

Quality

We strive to produce the best quality products possible for the application required.

Respect

We treat our customers, co-workers, and suppliers with mutual respect.
